Subject: Umetco Minerals Corporation, Niagara Falls, NY

Dear Mr. Kelly:

The radioactive slag and soil referred to in my letter to you of May 9, 1986 (page 2, paragraph C) was collected in nineteen 55-gallon drums; the "samples in cans" (page 2, paragraph D) were placed in a 55-gallon drum and encased in cement.

I am now enclosing a copy of the manifest from Barnwell Waste Management Facility which acknowledges that they have received and disposed of this material. The broker and carrier for the disposal was Chem-Nuclear (CNSI).

The disposal of all radioactive material and decontamination of all areas within the Niagara Plant is now complete.

I have enjoyed working with you over the past year.

Sincerely,

Donald J. Hansen
